- Which words or phrases stand out to you most? Why?
- How does Jesus define love in this passage?
- Where do relationships often become more about using people than genuinely loving them?

- Why does He tie love to being called His friends—what does that reveal about the source of real love?
- What does it actually look like to honor someone above yourself?
- What do you think the song is not celebrating?
- Pick one quality (patient, kind, not envious, etc.). What would living it out look like in your life this week?
- What does "laying down one's life" look like in everyday teenage relationships?
- How does Christ's love make "ever and ever" love possible in real life?
- Where do you see people chase a version of love that doesn't last?
- Which quality is easiest to admire but hardest to practice—and why?
- How can friendship with Jesus shape the way you love others?
- What is one way you can honor someone this week instead of seeking your own way?
- What are signs a relationship is built for the "long haul"?
