## Makeover

Create a list of people, buildings, places, etc., that have received a makeover in the last two years. Write down as many as possible until time is called.

## Good News

Read **Isaiah 61** and create a list of all the ingredients found in this “good news” of deliverance and salvation, as preached to the people - list as many as you can find.

## My Big Change

Using the words of the song or Scripture, identify one area in which you most want to see change in your own life (i.e., “I would like to remember more that when I get down on myself that Jesus is saying “You have been delivered, I took care of everything.”) Feel free to be creative and make it personal.
